

## DUTCH EAGLES

**The Eagles**, one of the most successful bands of the seventies, celebrated huge hits like **'Hotel California'**, **'Take It Easy'** and **'New Kid In Town'**. Featuring a clever mix of smooth country and guitar-driven rock, The Eagles conquered the world, even until today — the concert **'Hell Freezes Over'** is still the best-selling music DVD ever.

Six musicians from Haarlem, The Netherlands, discovered they shared a love for the music of The Eagles, and decided to turn their passion into action, resulting in the birth of the 'Dutch Eagles' back in 2003.

Since their conception, the **'Dutch Eagles'** became the ultimate Eagles tribute band of The Netherlands and beyond, and comes frighteningly close to the original, according to connoisseurs.

'The Dutch Eagles' are currently doing a very successful theatre tour across The Netherlands.

Apart from theatres, the Dutch Eagles also play at pop/rock venues, festivals and corporate events.
